APPENDIX

1.

BLACK PANTHER PARTY

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by BOBBY GEORGE SEALE, BPP Chairman, and HUEY P. NEWTON, BPP Minister of Defense. NEWTON is presently serving a sentence of 2 to 15 years on a conviction of manslaughter in connection with the killing of an Oakland police officer.

The official newspaper, "The Black Panther", which further describes itself as the "Black Community News Service", states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education, GEORGE MASON MURRAY, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, "... we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

The national headquarters of the BPP is located at 3106 Shattuck Avenue, Berkeley, California. Branches have been established at various locations throughout the United States.

DAILY SUMMARY

Re San Francisco airtel to Bureau, 4/11/69.

An article appearing in the April 13, 1969 edition of the "Contra Costa Times", Walnut Creek, Calif., which is from Los Angeles (AP) source, reflects that a spokesman of the Black Panthers in Los Angeles has said, "An important letter from someone out of the country" would be made known at a rally in Los Angeles today.

The San Diego Office has advised concerning the results of their check of listings are telephone numbers in that area called from the telephone located at the Subject's former residence in San Francisco. Some of these telephone numbers checked out to persons active in the New Left Movement, Black Nationalist Movement, and the Peace and Freedom Party. The listed persons were uncooperative at the time of prior interviews.

The Washington Field Office has reported the results of the review of INS files concerning the following passengers who were aboard the Cuban ship Conrado Benitez which sailed from Montreal, Canada en route Havana,

Fugitive

The following is submitted regarding placement of Cleaver on the Ten Most Wanted List. Consideration was afforded to the desirability of placing Cleaver on our list of Ten Most Wanted Fugitives. It is to be noted that we currently have one Negro on our List. EW

It is to be noted our investigation has indicated that Cleaver is very possibly in Canada and perhaps in Cuba and it would not appear desirable to place such a fugitive on the List who is outside our territorial jurisdiction.

A parallel case involves Robert Franklin Williams, a Negro revolutionary, who is being sought under the Unlawful Flight Statute on the basis of a North Carolina charge of kidnaping which arose out of a racial incident. Williams is currently in communist China and at various times has been traced to Cuba and Tranzania. Conceivably, Cleaver, through the subversive underground, could be stashed away in a procommunist country.

A most intensive investigation is being conducted to locate Cleaver. It is not believed that our investigation would be furthered by placing him on the Ten Most Wanted List in view of the fact that our investigation has pointed to his being outside the country. It would be embarrassing to have him on the Ten Most Wanted List for a protracted period of time if he is out of the country.

## ELDRIDGE CLEAVER

The Editor,  
Eldridge Cleaver, Minister of Information of the Black Panther Party, former Presidential candidate, author of *Soul on Ice* and Senior Editor of Ramparts magazine, has been forced to become a fugitive from political persecution at the hands of the California Adult Authority, a body of political appointees wielding absolute power over the fate of parolees of the State's prisons — parolees who are deprived of the elementary constitutional provisions of due process.

On April 6, 1968 Cleaver was one of a number of Panthers arrested following an encounter with members of the Oakland police department in which Cleaver was wounded and 17 year old Bobby Hutton was killed. Cleaver, on parole after having served 9 years of a 14 year sentence, had his parole summarily revoked by the CAA without benefit of a hearing of any kind.

Cleaver was returned to prison until June 1968 when Judge Raymond Sherwin of the Solano (Calif.) Superior Court ordered that his parole be reinstated, having found that, "The peril to his parole status stemmed from no failure of personal rehabilitation, but from his undue eloquence in pursuing political goals... Cancellation was the product of a type of pressure unbecoming, to say the least, to the law enforcement paraphernalia of this state."

The Alameda County Court had set Cleaver's bail on the charges stemming from the April incident at the outrageous sum of 50,000 dollars. Having been restored to parole status, his release was secured by supplying a bondsman's fee of \$,000 dollars cash and the signing of a surety bond by six people. The signators to this letter are the six who signed that bond because they believed then that Cleaver was a political prisoner, as they believe now that he is a political fugitive.

Cleaver was willing to stand trial for the alleged shoot-out, for he was certain, as we were, that his innocence would be demonstrated at the trial. However, the Reagan administration was determined to get Cleaver back inside prison walls. It succeeded in getting a reversal of Judge Sherwin's order by the State Court of Appeals requiring Cleaver's return to prison on November 27, 1968, a date roughly one month in advance of the completion of his period of parole and also of the date when his trial was to be scheduled.

An appeal for a hearing before the U.S. Supreme Court was denied by Justice Marshall, and Cleaver, bereft of his constitutional rights to due process and fully convinced that if he returned to prison he faced the grave risk of being killed there because of his politics, chose to become a political exile.

We respect his judgment and his right to remain alive. We have no regrets about his action and our own role in securing his release from prison. We consider that the 50,000 dollar bail which has been forfeited was in truth a ransom for Cleaver's life exacted

by the State of California. We ask assistance from those defenders of freedom who identify with our action and wish to share in meeting this obligation. Cheques should be made out to: Cleaver Bail Fund, c/o Charles Garry, Attn., 1341 Market St., San Francisco, Calif. 94105.

On May 2, 1969, [redacted] advised our Washington Field Office that a telephone operator had indicated that a telephone call was placed from Washington, D. C., to a New York telephone on May 2, 1969, and that the caller was attempting apparently to reach Eldridge Cleaver. Investigation has established that the call has no connection with Cleaver but was made as a ruse by a Georgetown University college student in an effort to avoid paying long distance telephone rates.

The caller in this instance has been identified as [redacted] who was telephoning his girl friend in New York City. The father of the girl friend has acknowledged that the call was received, however, Cleaver's name was used as a prearranged signal by [redacted] and the daughter to avoid paying the long distance telephone charges in the event the daughter was not at home.

Since investigation has established no apparent connection between the above telephone call and Cleaver, no further investigation is being conducted in regard to this incident.

ACTION:

Above for information. Intensive fugitive investigation concerning Cleaver is continuing.

DAILY SUMMARY

Re San Francisco airtel 5/5/69 and New York airtel  
 to Bureau 4/30/69 captioned "ALLEGED ASSASSINATION THREAT  
 AGAINST GOVERNOR NELSON A. ROCKEFELLER."

WILLIAM M. KUNSTLER, New York attorney, announced  
 at a press conference in New York City on 4/29/69 that he had  
 just sworn to an affidavit concerning telephone calls that he  
 and associates have been receiving. KUNSTLER contended that  
 these calls had as a purpose to provide a crude basis for  
 future action against him. The affidavit sworn to by him  
 indicates that on 4/24/69 he received a call from a person who  
 first identified himself to Mrs. KUNSTLER as ELDRIDGE CLEAVER  
 and then to KUNSTLER as a friend of Mr. CLEAVER. He stated  
 that if KUNSTLER would come to 59 W. 5th St., New York, N.Y.,  
 that evening, Mr. CLEAVER would be waiting "with money for  
 you." The affidavit states that KUNSTLER has subsequently  
 been informed that there is no such address in Manhattan.

Re New Haven airtel to Bureau, 4/10/69.

Inquiry of MOUNTAIN STATES TELEPHONE COMPANY, which covers Livingston and Jordan, Montana, and the GENERAL TELEPHONE COMPANY, which covers Weippe, Idaho, disclosed that the correct area codes of the telephone numbers listed in reairtel are correct; namely, #406 for Montana, and #208 for Idaho. However, the number 333-6608 does not exist in Livingston, where all prefix numbers are 222. The area around Pray, Montana, does have the prefix number 333, but all numbers there, following that prefix are 43-- or 44--. Pray is about 25 miles south of Livingston.

There is no such number as #435-2026 in Jordan, Montana.

Weippe, Idaho, does have the telephone prefix of 435; however, all following numbers begin with #4, with the exception of pay telephones, which begin with #9.

Re New Haven airtel to Bureau, 4/9/69.

[redacted] (protect identity), Macon, Georgia,  
 advised SA [redacted] on 4/8/69, that telephone  
 number area code [redacted] is an Albany, Georgia,  
 telephone number. The number is not in operation and  
 a check of the records of the business office at  
 [redacted] at Albany, Georgia, reflects that the  
 number has not been in operation since February of  
 1968, which would mean that the number was discontinued  
 prior to that time. All records prior to that time have  
 been destroyed, and there is no way to determine when  
 this number was last in operation in Albany, Georgia.  
 However, it has not been in operation since at least  
 February of 1968.

In connection with the arrest of Ochs in Chicago on August 23, 1968, the following information is being set forth:

Officer [redacted], Chicago Police Department, 1st District stated on September 23, 1968, that in connection with an assignment given him on that date of patrolling the portion of the Loop area of the city, adjacent to Chicago's Civic Center, he noticed a large crowd of persons gathered at this location at approximately 10:00 AM. He advised that as a result of this gathered crowd traffic was impeded and he observed a group of individuals described as of the "Yippie" types in the area, one of them carrying a pig. He overheard several of these individuals yelling "pig for president" and "we stand for a garbage platform." A police officer on the scene ordered these "Yippie" appearing persons to disperse, however, they continued with their activities and did not obey the instructions of the police officer in charge. Seven of these "Yippie" individuals who were involved in the pig incident were subsequently placed under arrest on disorderly conduct charges. These seven persons were then transported to the Chicago Police Department Central Detention Quarters, 1121 South State Street.

[redacted] subsequently observed a photograph of Phil Ochs, Chicago Police Department IR Number 213335 and stated that Ochs was one of the seven persons arrested during this incident. Officer [redacted] advised that Ochs had a court appearance for September 19, 1968, scheduled to answer these charges in Chicago Branch, 42, Cook County Circuit Court, however Ochs did not appear, his bond was ordered forfeited and a local warrant was issued for his arrest.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

On October 23, 1968, Assistant United States Attorney Richard G. Schultz, Northern District of Illinois, advised that he would decline to consider the prosecution of Ochs under the Anti-Riot Laws Statute concerning his activities in Chicago during the period of the Democratic National Convention, late August, 1968, inasmuch as there did not appear to be a basis for prosecution in this matter under this particular statute.

**IDENTIFICATION ORDER NUMBER 4239**

Leroy Eldridge Cleaver is being sought by the FBI  
for unlawful interstate flight to avoid confinement after conviction  
for assault with intent to commit murder.

On April 6, 1968, Cleaver, acknowledged Minister  
of Information for the Black Panther Party, while on parole, reportedly  
led a group of Black Panthers who were seeking to kill an Oakland,  
California, police officer. Cleaver was arrested after the ensuing  
90-minute gun battle, his parole was immediately revoked and he  
was returned to the State Prison Hospital at Vacaville, California.

A subsequent court action by Cleaver resulted in his  
release in June, 1968. On September 27th, Cleaver's release was  
overruled by the California State District Court of Appeals and he

Interview with  
Mrs. E. Clever

May 11.

May 11, 1969

Channel 4

Announcer: Perhaps you feel that you already know everything you need to know about the Black Panther Party of the United States. You may be right, but late last month, the wife of one of the leaders came to Toronto to address a rally. Her husband, Eldridge CLEVER, has been a fugitive of justice for 5 months. He's wanted for attempted murder and assault. Well, meanwhile underground his remarkable book, Soul on Ice, has become a runaway/best seller in the United States and Canada. It was hard not to be interested in Kathaleen CLEVER as she arrived in Toronto, 6 months pregnant and under continuous escort by a platoon of Panthers. We met her on the local program, called the Day It Is, where Barbara FRUM (ph) attempted an interview.

FRUM: Tell me about your own personal fight.

CLEVER: No, I'm not going to talk about my own personal, if we are going to talk about anything, we're going to talk about the Black Panther Party.

FRUM: Is there any sense with Eldridge CLEVER in hiding that you then inherit whatever mantel.

CLEVER: I don't, why, Eldridge has his own mantle. No.

FRUM: You're sort of not the, his replacement now.

CLEVER: I mean I, no no you don't replace people in the Black Panther Party. Eldridge is the Minister of Information. I work with Eldridge, ~~am~~ the communications secretary, but I have my work, Eldridge has his work. I can't do his work and he can't do my work.

FRUM: What is the nature of the Black Panther Party now? Do you is it open to general membership, or is it a matter of select cadres now?

CLEVER: At this point. Yes, they select cadres, it's not a mass Party, it is a vanguard Party, that's interested in creating the political and military organization that's necessary to lead the colonized people in their struggle for political power in order to implement their goals. Achieve their goals. You see people

FRUM: But you don't want any weak links at this point in this chain or

CLEVER: No. We can't afford it. It's too dangerous, to treacherous and too many people laying to stab us in the back. The was original activity/to initiate armed patrols of the black community to defend the people against the terrorization and murder of the police, because the occupying army of the police departments just terrorized the people, shoot the people, arrest the people, do anything to black people with impunity. There was no way of getting a civilian review board, there was no way of getting any agency within the city to stop this and there was no way of stopping the police department from doing this or replacing the police department, so it was completely, the people were completely at the mercy of the police who are terrorist dogs. It was just like an organized Northern version of the Ku Klux Klan. They, the policemen themselves don't even know what the laws are. They know what their duties are which are to murder and terrorize and control

CLEVER: black people and that's what they do. But they don't even have to relate to the law. No one teaches them the law and they don't, half of them can't hardly read it. ~~I NAME XM~~

FRUM: I want to just sort of follow the line. If, in fact these black and white people are armed against each other

CLEVER: It's not if, in fact, these black and white people are armed against each other, it's if, in fact for the past 400 years, the black people have been unarmed and subjected to the violence of the armed white community, then at this point, it's time to stop that and if there is no other means of stopping it, then arming the black people and driving everyone of the oppressors into the sea, that's what we will do.

FRUM: Do you see the Black Panthers in fact as linking with some revolutionary spirit that's at work in North America, that goes across racial lines.

CLEVER: We see the Black Panther Party as promoting revolutionary spirits in North America that goes across racial lines.

FRUM: How far along do you see the revolution now?

CLEVER: I would say that they've gone to the point that revolution is inevitable, and irrevocable (ph). American pop

FRUM: And you don't think the industrial military complex of the United States could still defeat such a movement?

CLEVER: The industrial military complex of the United States could not even defeat the Viet Cong. Now how would they defeat 50 million black people, armed and organized to the gills and the black communities on their own territory. If every strategic location of their own country. In order to destroy

CLEVER: black people, they have to destroy their own territory, they have to destroy their cities, they have to destroy their harbours, they have to destroy everything they have. And the Black Panther Party and the black people say that if they will move to destroy us, we will put them in a position where the only victory they can possibly have is a pirate (ph) victory that they will have to destroy themselves in order to destroy us. If they do that, then the enemies of America which are world wide, can come in and pick the gold out of their teeth.

FRUM: Do you feel like an oppressed person?

CLEVER: Yes. I feel very oppressed.

FRUM: As a Panther you feel

CLEVER: I feel oppressed as a person. I can't even see my own husband, I can't talk to him, I don't know where he is. I'm suppose to have a baby in 3 months, I don't know if I will live that long to do it. I all, almost half the people that are closest to me are dead, or in prison, I can't see them. Every time I walk down the street, I see my own people being tortured and starved and murdered and brutilized 24 hours a day. I don't see any resources to do anything about that. I don't see any concern to do anything about that. I don't see anybody trying to stop that, with the intensity that it is being perpurtrated. I see that we are powerless and all that I can see that anything and everything that could be done at this very moment to put an end to that, we have to do it right now. Because there is no guarantee on how long

CLEVER: we are going to be able to be here to do it.

FRUM: Do you consider your husband in hiding or in exile?

CLEVER: That's irrelevant what I believe. If you want to know any information about Eldridge CLEVER, all enquiries should be directed to the C.I.A.

DAILY SUMMARY

Remyairtel 5/21/69.

[redacted] advised on 4/6/69 that several Panthers in New York were caught while they were attempting to sabotage Macy's Department Store, according to information originating from [redacted] BPP member [redacted] who had furnished this information to [redacted]

[redacted] had furnished the information to [redacted] informant. [redacted] had stated that an explosion was to take place in the store when no one would be in the store. This action would be a diversionary measure in an attempt to sneak ELDRIDGE CLEAVER out of town. When [redacted] was questioned about this, he stated that CLEAVER is in New York and asked [redacted] "Why do you think [redacted], went to New York right after he went into hiding?" The conversation between [redacted] and [redacted] reportedly took place on 4/6/69.

[redacted] allegedly stated that ELDRIDGE CLEAVER is very unhappy with [redacted] as [redacted] had "messed up" when he went to Scandinavia, as upon his return [redacted] made a statement in the BPP paper criticizing STOKELEY CARMICHAEL and his travels to various countries and is making statements concerning culturism and nationalism. CLEAVER did not like the idea of [redacted] making these statements against CARMICHAEL because it would make the white man think there is dissension in the party.

BLACK PANTHER PARTY, aka  
Black Panther Party for  
Self Defense

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by Bobby George Seale, BPP Chairman, and Huey P. Newton, BPP Minister of Defense. Newton is presently serving a sentence of 2 to 15 years on a conviction of manslaughter in connection with the killing of an Oakland police officer.

The official newspaper, "The Black Panther," which further describes itself as the "Black Community News Service," states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education, George Mason Murray, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, "...we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

The national headquarters of the BPP is located at 3106 Shattuck Avenue, Berkeley, California. Branches have been established at various locations throughout the United States.

The following investigation was conducted by  
SAs [redacted] and [redacted] at Three Rivers,  
Michigan:

On 5/19/69, [redacted] General  
Telephone Company of Michigan, Three Rivers, advised that  
Constantine telephone number [redacted] is presently not  
assigned, and this number has not been assigned since 1964.  
[redacted] advised that she is unable to determine  
the party to which this number was last assigned due to  
the fact that records prior to 1968 have been destroyed  
pursuant to company policy.

[redacted] advised that the Three Rivers Office  
covers Constantine, Michigan, and there is no office in  
that city.

would remain approximately one month. [redacted] stated that [redacted] could be reached in care of telephone number [redacted] New York City.

AT LOS ANGELES, CALIFORNIA

On 5/27/69, a person identifying himself as [redacted]

[redacted]  
called the Los Angeles, FBI Office. (An LA phone directory lists [redacted] as above.) [redacted] advised he had been informed by [redacted] that the FBI had made an inquiry. [redacted] inquired as to the nature of the inquiry. He was advised the FBI was seeking [redacted] assistance in an official Government inquiry, and that [redacted] was not subject of the inquiry. [redacted] advised [redacted] would surely be of assistance but that [redacted] preferred to be present during the interview. [redacted] was advised it may be necessary to interview [redacted] in New York City. [redacted] advised should [redacted] return to Los Angeles soon he would notify the FBI.

For the information of New York City, the San Francisco Office has previously advised that an employee of a bail bonds company, Palo Alto, California, which holds a \$50,000 bond forfeited by subject, informed that [redacted]  
[redacted] has allegedly pledged to furnish approximately \$5,000 to reimburse those persons who will have to make good subject's bond forfeiture. San Francisco requested Los Angeles to interview [redacted] regarding any knowledge she may have regarding subject's whereabouts or associates.

Los Angeles indices reflect that from 1960, through 1968, [redacted] lent her support to various front groups and organizations including the following:

National Committee for a Sane Nuclear Policy and ACLU. She attended a "Salute for Freedom" Concert, the proceeds of which were for the NAACP, Core, etc., and is [redacted]  
[redacted]

LA 88-15756

For information of New York it is felt that if [redacted] is in possession of any pertinent information regarding subject, an interview of her in New York City would be more fruitful than a proposed interview of her in Los Angeles in the proposed presence of her attorney.

If appropriate, New York City is requested to promptly interview [redacted] in care of New York City telephone number [redacted]

LEROY ELDRIDGE CLEAVER

Leroy Eldridge Cleaver is the Minister of Information of the Black Panther Party (BPP) and was nominated the Peace and Freedom Party's candidate for the Presidency of the United States in the 1968 general election. He is presently a fugitive from justice, the status resulting from his failure to surrender himself to the California Department of Corrections on November 27, 1968 after his parole was ordered revoked and this action upheld by the California Court of Appeals. Cleaver had been on parole since December of 1966 after serving almost nine years on a conviction for assault with intent to commit rape, murder and assault with a deadly weapon.

A characterization of the BPP is contained in the Appendix.

The Peace and Freedom Party was a legally constituted political party which qualified for the ballot in numerous states throughout the country during the 1968 election year.

Cleaver is also the author of "Soul on Ice", an autobiography which was on the best seller list during the latter part of 1968. As a result of widespread publicity on his book, his association with the BPP and his candidacy for the Presidency, he traveled and spoke frequently throughout the country.

The following is a list of public appearances scheduled by Cleaver throughout the United States while on parole. During the period covered he served as Minister of Information of the BPP and the Peace and Freedom Party's presidential nominee. Some appearances were made as a Peace and Freedom Party candidate, for which he probably received no compensation. Others were guest appearances for which he was compensated. Dates, places and amounts compensated are indicated where known.

Cleaver was arrested on April 6, 1968 following a shoot-out with the Oakland Police Department. His parole was revoked and he was returned to prison on April 7, 1968.

On June 11, 1968, Solano County Superior Judge Raymond Sherwin ordered Cleaver released, ruling that his parole had been revoked illegally. The California Adult Authority appealed the ruling.

On September 27, 1968, the California State District Court of Appeals reversed the Solano County Court order of June 11, 1968 and ordered Cleaver back to prison. The order was to take effect in sixty days or on November 27, 1968. As previously indicated, he failed to turn himself in as ordered.

Cleaver was employed by "Ramparts" magazine as an Editorial Assistant upon his released from prison on December 12, 1966 at a salary of \$400.00 per month. "Ramparts" is a muckraking magazine of the New Left.

As previously indicated, he was arrested on April 6, 1968 and remained in jail until June 12, 1968.

As of August 8, 1968 he was a Senior Editor at "Ramparts" at a salary of \$500.00 per month. As of September 5, 1968 his salary had been raised to \$650.00 per month.

By September 5, 1968, Cleaver had received two checks from his publisher as royalties on his book "Soul on Ice". These checks were for \$3,000.00 and \$5,000.00. There is a possibility that previous royalty payments had been made to Cleaver.

BLACK PANTHER PARTY, aka  
Black Panther Party for  
Self Defense

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by Bobby George Seale, BPP Chairman, and Huey P. Newton, BPP Minister of Defense. Newton is presently serving a sentence of 2 to 15 years on a conviction of manslaughter in connection with the killing of an Oakland police officer.

The official newspaper, "The Black Panther," which further describes itself as the "Black Community News Service," states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education, George Mason Murray, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, "...we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

The national headquarters of the BPP is located at 3106 Shattuck Avenue, Berkeley, California. Branches have been established at various locations throughout the United States.

~~SECRET~~APPENDIX1.BLACK PANTHER PARTY

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by BOBBY GEORGE SEALE, BPP Chairman, and HUEY P. NEWTON, BPP Minister of Defense. NEWTON is presently serving a sentence of 2 to 15 years on a conviction of manslaughter in connection with the killing of an Oakland police officer.

The official newspaper, "The Black Panther", which further describes itself as the "Black Community News Service", states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education, GEORGE MASON MURRAY, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, "... we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

The national headquarters of the BPP is located at 3106 Shattuck Avenue, Berkeley, California. Branches have been established at various locations throughout the United States.

Mrs. CLEVER We are the victims of intense violence, whether it's we the black (Cathleen)

Panther Party, we black people, we Mexican people, we Indian people, we West Indian People, or we Canadian people, because any time you live in the city that denies people decent housing, denies people of decent medical care, denies people even the right to come into the city, denies people the right to even go to a party without having a pig jump on them and beat 'em across the head and this happens in this city. It might not happen to you because you're white and you might not know about what's happening to the people that aren't white but it's happening.

Paul SOLES

I think the coalition should be extended beyond the people of color to the whites as well because there are, according to statistics, 1 out of every 5 people in this country is suffering from some sort of poverty and it is time for a radical change, whether it means revolution or not.

Mrs CLEVER So when we see a ghetto in Toronto and if we see the people being treated like they're treated in the United States, we know what you decided to do. Cause you had advanced warning and you had advanced education but you would see it coming and on the question of violence you like to turn around and say "Well, why are you so violent?" or "Why do you like violence, why do you preach violence?" I'm trying to show you that it's not us that's preachin violence, it's not us that's dealin violence, it's us that's being subject's to violence.

CLARKSON on Take 30 in 60 seconds. Violence and revolution were once words that we applied to other continents. But today in North America they are acted out in the ghettos of the poor and they even threaten university campuses. The explanations for the anger are generally the same. A dissatisfaction with the inequalities and the economic and social structure of our society. And a resulting anger directed towards those who have the political and economic power. The rage increases when the frustrated and alienated see that their demands for a share in the wealth and power are being unheeded, fulfilled to slowly and so people dream of taking power into their own hands. One such group is the Black Panther Party. This political group has moved from unorganized hostilities to calculated anger focused on specific targets. Kathleen CLEAVER is a member of this small but extremely militant organization. And it is she that you will meet today. Many of you will not like her or will find her extreme militant language disturbing even tedious. You may be offended by her assessment of society, for she uses her own brand of Marxist language. Employing whatever is useful to forward her own arguments. And she believes that every individual who does not take an active stand is implicitly supporting inequality. But Kathleen's view of our world is the view from the other side. She talks of the anger and frustration of oppressed people all over the world. She angrily examines society from the ghetto of poverty where dreadful conditions simply belie any laws that state that all men have a right to equal opportunity. Kathleen CLEAVER's husband, Eldridge CLEAVER is probably the Panthers most famous member. He grew up in a black slum in Los Angeles and by his early teens, he had begun the familiar sickening descent into

CLARKSON reform schools and the nightmare world of jails. His crimes became more and more violent, including rape and eventually he was sentenced to 13 years for assault to murder. Ironically, his fortune changed in jail. Life there was intollerable but with the encouragement of one enlightened teacher, he began to read voraciously and to harness his anger with a carefully thought-out assessment of what was wrong in the relations between black and white America. CLEAVER started to write and his passionate and sometimes poetic work was smuggled out of prison and published in Ramparts Magazine. His bitterly eloquent assessment of the black predicament, soon made him a hero of both negro and white intellectuals. His first book "Soled on Ice" was published after he left prison and was immediately hailed as one of the finest books to ever come out of Black America. Kathleen's story is different. Her parents were professors and later, American Diplomats and she grew up in the privileged environment of Embassy life in India, the Philippines and Africa. When she returned to the United States in 1961 to go to school, Dr. Martin Luther KING's work in non-violent protest was in full force.

K CLEAVER At that time I'm, mainly because, I relate to doing things, I don't moreso than thinking up ideas and plans and all that and as I became more and more and more involved and more educated in terms of exactly what was going on in the movement, say when I was 16 I was, thought that Dr. Martin Luther KING was good and what he was doing was good but that the time, that was '61 but by 1966 when I had started working with SNICK, Stokley had just made his Black Power and this was the whole thing and various statements he had made and his speeches that I had read, I agree with that so this

K CLEAVER is right, this is good.

UM-1 The only important thing that I think that students would, ought to view on this thing as part of the black community that from this day on, ~~think~~ the United States of America and white people will no longer pick our hero's, we will decide who our heroes are.

K CLEAVER Myself as working with the campus program so we were in touch with students all across the country. But I think the basic contact with the Black Panthers did come from Eldridge when he got out of prison in December of 1966 and started working for Ramparts Magazine. In January, he went on a tour to interview Stokley CARMICHAEL from Chicago to Washington and he was with him for about a month. He just travelled with Stokley and then Stokley came back with the information about the Panthers and everyone at SNICK were very, very excited and impressed with this group that seemed to be more radical and more revolutionary than anything else that was happening but we didn't really have anyone on the West coast so we didn't know too much about it.

CLARKSON What was he like when you first met him?

K CLEAVER Just different to anyone else I'd ever seen. He was not remote but a very calm person. Very sober, not in a dull way, but he just seemed to be so much more settled in the tour and conscious. Most of the people that I was working with in SNICK. He was older than us and well, he just had, we sort of looked at Eldridge like a hero because he was a writer and he was an Ex-convict and he was a very fascinating person to us.

CLARKSON Why would, being an Ex-convict make him a hero to you?

K CLEAVER Well not that he was an Ex-convict, Malcolm was an Ex-convict, it's just that very few Ex-convicts ever move into the liberation

K CLEAVER struggle. This is very rare.

E CLEAVER I've never been one of those who hated being black. I've always liked myself you know. I don't really abstract mystical love for white people you know.

CLARKSON Do you think

E CLEAVER (undistinguishable) uptight and people will just take a particular quote out of my book and they'll quote that, you know and it's really very shallow the way they do that. And it bothers me that people will accept that, such as quotation and say, well, Eldridge CLEAVER loves white people and just (undistinguishable) conclusion that you know he loves white people. Well that's not the case. I judge white people by the same standards I judge black people. Like a lot of black people will say, like revolutionaries, you know, and a lot of people want to wear black berets or black leather jackets and say that they are Black Panthers you know, but they don't want to do the work, they don't want to accept the discipline that goes along with that so that I always judge people on the basis of their performance.

CLARKSON In 1966 in Oakland, California, two young black intellectuals, Huey P. NEWTON and Bobby SEALE formed the Black Panther Party. CLEAVER soon joined the party as Minister of Education. They mapped out an education plan on simple revolutionary lines. NEWTONS hope was to make the Party Platform simple and clear enough in its goals that black people would unite under the revolutionary symbol of the gun. Their desire - that the black control and determine the destiny and fulfillment of their own communities.

Huey P. NEWTON When we first organized the Black Panther Party, for self-defence, I'd say, Bobby, we gonna draw up a basic platform, just basic so the black people can read. He says we don't want to go really elaborate with all these essays and dissitations and all that stuff because the brothers gonna look at that and say "Man I don't got time for that, I gonna go see what I can do for myself". It's just a basic platform, power to determine the destiny for our black community, full employment for our people, number 3, we want housing fit, decent housing fit for the shelter of human beings, number 4, want all black men to be exempt from military service.

K CLEAVER The Black Panther Party is the same type of movement, represents the same type of forces, the same type of ideas that have sprung up in all colonial countries of a liberation movement, a liberation struggle. Some countries, they have different names. They have the Peoples Independent's Party in some countries, they have the Communist Party in some countries, they have this party in the other countries, but the people always come up with an organization based on revolutionary principles and most of these countries, based on the economic and political and social theories of Marxism and Leninism to deal with the conditions.

CLARKSON One of the conditions to be remedied was the widely acknowledged police prejudice and brutality in negro ghettos. The Panthers sensational solution was a decision to arm themselves and patrol their own ghettos against what they consider unfair police interference, advising negroes being arrested of their legal rights.

E CLEAVER We have young kids who joined, but we only let them sell papers and teach them black American history and teach them something about their past and their place in the world and society. The age of 16

E CLEAVER and if the mother says it's alright, we train the young brother how to fieldstrip (ph) a weapon, teach him about the safety of weapons and how the weapon is for defence and not for attacking maliciously anyone. The nature of a Panther, he doesn't attack anyone. But when he's backed into a corner and he can't move, those persons or person or group who are attacking them, then he comes out of that corner to wipe out that attacker, aggressor, absolutely, resolutely, wholly, thoroughly and completely.

K CLEAVER That's how the Party started to grow. First it was two, then three, then four, then five, then ten, then fifteen, then twenty, then thirty- then forty, then fifty black men patrolling the streets of Oakland, armed to the gills, tape recorders, cameras, and law books and any time they saw a pig stop a black person, they'd jump out and stand there, legal distance away and watch it. And if the pig didn't do anything against the law, they wouldn't say anything, but if the pig pulled a gun on him, and they pulled a gun on them, and police brutality went down very quickly in Oakland.

E CLEAVER Is somebody shooting at you? Is someone trying to oppress you or brutalize you? If you can look out there and you can see hungry kids in the morning, so you organize the people. You go out and like one of our programs breakfast for the children in the morning. Junior High and Grammar School, we're going to start with. Talking about a free health clinic, talking about black liberation schools that teaches us about our true nature and our black history and our youth. So you organize to alter these things so you can see when you're being attacked, when you're suffering.

UM-1 We want education, we want justice and we want peace.

CLARKSON Well, I know that one of the platforms of the Black Panthers is that all black people should be let out of prison because they have not had a fair trial. I don't know that I'm quoting that exactly, but that's one of the platforms and it's the one of which I think most people follow.

K CLEAVER The actual point in our platform is that we believe that all black people should be released from all city, county, federal, state prisons and jails because they have not had a fair trial ~~known~~ by a jury of their peers. Also, the conditions under which black people are forced to live in this country, they have no choice in making and the court system, they have no participation in and the jury system, they have no participation in, you have the people who are victims of a society that is, in most respects, criminal in terms of the way it treats black people and the point is that black people should not be being sent to prison for robbery. They should have adequate means of supporting themselves and feeding their family so they wouldn't have to be involved in this type of thing. See, it's a very interesting, not interesting, very classic class division in terms of the prisons. In the prisons, there are only poor people, there are no rich people in prison, very few middle class, educated, white people in prison because the society has openings for them. When they commit crimes, which they do routinely, they're not convicted and if they are caught, they get good lawyers and they get nice treatment.

CLARKSON But supposing a black person does commit a crime that is, you know, say a federal crime or a state crime or whatever it may be, and does do this, whatever it is, murder or armed robbery, is it fair to say that therefore, they should just be let out of prison because

K CLEAVER Well, that's not the point, that you see we don't take that point in isolation from all the other factors of the society. The basic point of the Black Panther Party is to change the entire conditions under which black people live. We're not saying that we do not think that black people commit crimes, that's not the point. The point is the society which designates black people as criminals is in fact a far greater criminal and that the conditions of the prisons in which they keep black people and white people and all kinds of people are so atrocious that there is nothing a person can do in their lifetime that would merit this type of treatment.

CLARKSON Many blacks are horrified by the Panthers, not because of their ideals, but because their hostile, antagonistic demands may simply increase the fear, intolerance and prejudice of white America. But the estimated 2,600 Panthers and 45 chapters across America are doing more than toting guns. Members are suppose to adhere to rigid disciplines which include, compulsory community work programs such as breakfasts for school children, night dinners for families. They've established free ghetto health clinics and black banks, alcohol is forbidden during working hours and drugs are not allowed, even petty theivery is to be severely punished. All Panthers must learn to read and study revolutionary literature, including MAO's Red Book and the writings of CLEAVER and NEWTON. The essential theme of their teaching is that the ghetto is the exploited colony of racist, white America. They no longer talk about integration, they talk about justice and their right to share in the country that they helped to build. They say they are not out to destroy whites, but to change the structure of a society that allows prejudice, segregation and inequality.

K CLEAVER White persons, per say are not the people that have robbed black people. It's a system which is based on slave labor, that has robbed black people, it's essentially capitalists, and capitalism which has robbed black people.

CLARKSON Do you really think that things are better in a socialist society, which is actually working out socially (unidentifiable) Cuba or a Soviet Union?

K CLEAVER It's better for the masses of the people and any of the group will tell you that. The bourgeoisie don't think it's better because they will have some of their privileges taken away but in a society like in Cuba where prior to the revolution, prior to CASTRO's taking power, the vast majority of the people were illiterate, uneducated, had no medical facilities, no jobs and no decent housing. This is the situation they are moving to change, to give medical attention to everyone, to give decent food to everyone, to give education to everyone and people recognize that this is a very basic change. And you see that whole theory devide and conquer has been worked on black people to ultimate perfection to the point where black people become so divided that they can never do anything together but the whole thrust of the movement since the mid 60's has been towards unity to eliminate all theses factions, to eliminate distinctions, to come together as one people and do one thing, because that's power.

CLARKSON The Panthers and the police view one another with a paranoia that provokes hostilities on both sides and around America, police target in on Panthers with charges ranging from jay-walking to murder. The leadership of the Panther movement is at all times threatened. In July 1967, Huey NEWTON was wounded in one of the many ghetto shoot-

CLARKSON      outs and jailed for manslaughter.  Bobby SEALE has been indicted  
                    seven  
along with several white radicals on charges of conspiracy to  
encite riots during the Chicago Democratic Convention.  CLEAVER to  
is a victim of hostilities.  He's been a senior editor at Ramparts  
Magazine and a guest lecturer at the University of California.  He's  
a hero of many of the white liberals and the radical left.  He ran  
last fall as the Panthers and the Peace and Freedom Party's  
Presidential Candidate.

E CLEAVER  (unidentifiable) with their fingers on nuclear triggers.  What'd  
you come here for, to hear me curse?  Actually I'm not going to  
curse tonight.  If their whole election is irrelevant, all 3 of  
these pigs that we have a choice of oink (unidentifiable), oink  
country and oink WALLACE and after all, they call for this race  
of power structure that oinks about law and order to remove, to  
withdraw the occupying forces of the local police from the black  
community, from the Puerto Rican community, from every community  
including the white community (unidentifiable due to clapping and  
loud outbursts from the audience) The contradictions that we speak  
about is the culture of oppression and all of these things that we  
mention in which horrify, scatarized (ph) high (ph) people is just  
the truth of the situation spoken about in public.  There's an  
elaborate creation of myth in this country, designed to conceal  
what's really been going on and it had to be concealed because it  
does things to a persons sanity, they are constantly aware of being  
involved in perpetry (ph) legal (ph).  My patrol officer, the  
authorities here in Alameeter (ph) county, they weren't bothering  
me because I was not doing anything.  I was being quiet, keeping my  
mouth shut and my patrol officer had order me to not make any more

E CLEAVER speeches and I wasn't doin that but Bobby was in prison serving a 6 months sentence on a framed up gun charge and Huey was arrested and there was a need for people to discuss that, so that the public would understand the political nature of the case so that I could no longer go along with my parole officer and I started making these speeches you see. Discussing Heuy's case specifically and we did very well on that and we managed to create a lot of attention on Huey's case and for this we are in their undying hatred of us.

K CLEAVER In April 6, 1968, Eldridge was in a burning house on 28th street in which the 15 cops were surrounding <sup>50</sup> they just poured a thousand rounds of ammunition threw tear gas and finally set it on fire. Eldridge and Bobby HUTTON were the only people in this house. At 50 policemen, tear, when they set the house on fire, they decided rather come out than burn to death, but they'd probably be killed and Bobby HUTTON was murdered. They just fired machine guns, fired on him immediately when he came out with his hands up.

CLARKSON Bobby HUTTON was only 16 and unarmed. CLEAVER, still on parole was returned to prison for 2 months, although no charges against him were proved, but a California Superior Court judge ruled that he was being held as a political prisoner and he was released. But again the decision was reversed when 2 higher courts ruled against CLEAVER. He was asked to surrender himself as a parole violator and to serve the remainder of his 1958 sentence. Unwilling to face again the nightmare of prison and convinced that he would be killed if he returned to jail, he chose last winter to become a fugitive. No one knows where he is hiding and in the meantime Kathleen CLEAVER, is expecting his child and carries on alone. You are expecting a child now, are you worried for the child's future?

K CLEAVER Well, not his future, if he gets born, then I'll be happy. I am afraid sometimes that the type of pressures that I, we're subjected to the type of things that happen that might cause a miscarriage but I mean that's just a fact you know, worrying is not going to change it.

CLARKSON Do you see yourself as, you just are dedicating your entire life to this particular

K CLEAVER I'm not dedicating my life , my life is, my life is my work and my work is in this movement to the liberation of black people. Theres nothing highter that any person can do with their time or their skill, the move to liberate their people, or to liberate themselves.

CLARKSON What do you think is the most important thing that Eldridge CLEAVER most important, either attitude or feeling or purpose that he has given you?

K CLEAVER That's very hard to say, I mean when you, when you're whole life is very much involved with another person united to the purpose of creating revolution, in this country to eliminating these conditions and working in the black liberation struggle which I was doing and Eldridge was doing before we met each other and we continue to do that together, that's hard to say. It's just that Eldridge and I found ourselves in absolutely complete and perfect and total communication with each other and that's rare indeed. And find that communication and then love, personal harmony, well that's all almost unheard of. Especially under these conditions though. Lets say the best thing is that Eldridge and I found out that we're not alone in this world. commercial. If you chose to seperate yourself away from the human race seperate yourself away into something

TAKE 30

...14

K CLEAVER different, act like we don't exist, act like these problems aren't real. That's your decision and it will be your problem and I hope it will be your regret, because oppressed people around the face of the earth, whether they are Africans or West Indians or Americans or American Indians or Vietnamese, they all seem to manage to end up doing the same thing in the same way for the same reason. We have to begin to recognize that and move on that and deal on that for the world is one world. The people happen to be one people whether they like it or not. And you can deal with that, you can deal with reality and that's being an accomplishment. Thank you.

Dear Sirs:

I am a collector of posters and various miscellaneous objects of social significance. Presently I am putting a collection together for a book to be published by Grossman Publishers hopefully sometime next year.

I am very interested in obtaining the F.B.I. wanted circular on Eldridge Cleaver. I have called your office in New York, and they said that these are generally unavailable to the public, but that you might be able to help me since I desire it for professional purposes.

I will very much appreciate your cooperation in sending one copy of the circular.

With thanks for your anticipated cooperation.

plans to take to subject Cleaver in Algeria.

According to the source, Belli has indicated  
this money was given to him by various news media,  
including \$100,000 from Life Magazine for an exclusive  
interview with Cleaver.

San Francisco promptly advise the  
United States Attorney of this information and  
should any developments come to the attention  
of the San Francisco Office to either confirm  
or disprove this statement, the Bureau should be  
promptly advised.

Dear [redacted]

Your letter of January 6th has been received and although the publication you indicated you were sending has not arrived, I can understand the concern which prompted you to write. I assure you we will endeavor to discharge our responsibilities in the internal security field with the highest degree of thoroughness and dispatch and I am enclosing some material concerning our work which you may not have had an opportunity to read.

In reply to your inquiry, treason is the only crime which is defined in the Constitution of the United States. Article III, Section 3, of the Constitution states: "Treason against the United States shall consist only in levying war against them, or in adhering to their enemies, giving them aid and comfort." The Constitution further indicates that no person shall be convicted of treason unless on the testimony of two witnesses to the same overt act, or on confession in open court.

Mr. J. Edgar Hoover, Director  
Federal Bureau of Investigation  
Washington, D. C. 20535

Dear Mr. Hoover:

By the grace of a merciful God I am an American, a priceless privilege for which I thank Him with every breath I draw. Through the years brave, beloved, unselfish men have given their lives, lain with maimed, broken bodies to protect and preserve my priceless heritage.

Because I, too, would not hesitate to give my life for my country, I am asking you in deepest sincerity - what is treason? Yes - my age is showing; when I went to school, advocating overthrow of government constituted treason.

Has this changed? Can a man stand in the streets of my beloved country after having set a city afire, holler "burn, baby, burn", yet deserve the same blessed protection of my country's flag as I? Can men proclaim "hell, no, we won't go" and merit the heritage bought with blood, sweat, and tears of those who gave? Can strategic materials of war be shipped to countries with which my nation is at war - declared or undeclared - to kill and maim my country's sons, yet suppliers be recognized as "allies?" Can blood be donated for my country's mortal enemies - blood which will, perhaps, enable the recipient to return to battle to kill or disable my country's sons, the donor given forum to gloat his deed?

Under separate cover I am requesting a publication be sent to you containing excerpts from a speech by Eldridge Cleaver, Minister of Information, Black Panthers. I care not his color, I care not were he my blood brother, I ask you only - does he deserve to breathe the same blessed air of freedom as these brave, unselfish Yankees; I ask you - does he deserve the protective shield my beloved flag provides; I ask you - is he worthy of the priceless privilege of calling himself an American?

REC 13 100-447251-740  
My Hoover - in my capacity as a humble American, and in honest sincerity, I ask you - what is treason? [Redacted]

LEROY ELDRIDGE CLEAVER

LeRoy Eldridge Cleaver, Minister of Information of the Black Panther Party (BPP), is presently a fugitive from the State of California as a Parole Violator. Cleaver is presently residing in Algiers, Algeria.

A characterization of the BPP is attached.

SF T-1, who has furnished reliable information in the past, advised on January 5, 1970, that the defense attorneys for the so-called New York 21, a group of 21 Black Panthers who are presently the subject of prosecutive action by the State of New York on various charges, and who have received wide publicity as the New York 21, have indicated they believe that a large portion of the evidence to be used by the prosecuting attorneys against the New York 21 will be built around statements and writings by Eldridge Cleaver. The defense attorneys feel that Cleaver should appear in defense of the New York 21 because he is the only person who can fully explain the meaning of his statements and his writing. Source stated it is anticipated that this trial will begin on February 2, 1970; and Eldridge Cleaver has already indicated he would be willing to return to the United States to testify in behalf of the New York 21.

Source said it has not been clearly indicated to him, as yet, if this is speculation or if it is the intention of the defense attorneys to return Cleaver to the United States to testify either by subpoena or otherwise.

Source also reported that Eldridge Cleaver anticipates publishing a magazine in Algiers, Algeria, which will be known as ~~RIGHT ON~~. Cleaver has indicated he is presently putting together the first issue of this magazine in Algiers, and it will consist primarily of black revolutionary writings. Source was unable to obtain any further details concerning this proposed magazine, and apparently a publication date for the first issue has not been set as yet.

BLACK PANTHER PARTY, aka  
Black Panther Party for  
Self Defense

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by Bobby George Seale, BPP Chairman, and Huey P. Newton, BPP Minister of Defense. Newton is presently serving a sentence of 2 to 15 years on a conviction of manslaughter in connection with the killing of an Oakland police officer.

The official newspaper, "The Black Panther," which further describes itself as the "Black Community News Service," states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education, George Mason Murray, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, "...we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

The national headquarters of the BPP is located at 3106 Shattuck Avenue, Berkeley, California. Branches have been established at various locations throughout the United States.

Dear Mr Van Deerlin:

I am always leary of writing to any one in Washington for the simple reason, we don't seem to be important, except at election time:

My reason for writing is due to an article in the San Diego Union about the return of Eldridge Cleaver's wife returning to America and canceling her flight in Paris at the last moment.

I am pretty sure the F. B. I. is on its toes about the real plans of the Cleavers.

[REDACTED] arrived - ahead of Mrs Cleaver and son - did so - as part [REDACTED] police off their guards.

[REDACTED] merely went through the motions of buying a ticket to New York [REDACTED] part of their plan. She had no intention of flying home. [REDACTED] announced flight.

[REDACTED]er are going to arrive in the United States (if they haven't [REDACTED] conceived date, in the middle of a dark night smuggled in from Cuba.

Eldridge Cleaver skipped out, no one knows how.

He will be coming in the same way he went out.

The only difference his wife will be with him: The baby? Well, that's the least of their - problems. No one has seen the baby. He can come in on a regular flight with a nurse - claiming him to be her son: She will stay put until she hears from them.

ENCLOSURE

*[Signature]*

Remember the plane that flew into Florida, and stopped next to Nixon's plane? Well, the pilot was by no means running away from Castro it was a put up job - to prove they could get into the United States and avoid Radar detection.

Knowing they can do this - the Cleavers can be dropped from a low flying plane like a helicopter lowers men into the water.

A craft can be waiting for them somewhere - undetected by the coast guard.

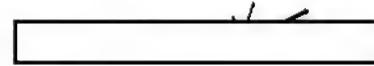

Thats what I feel the Cleavers will do.

Any day now I am expecting to hear - that the power has gone off some where along the coast.

These black outs are not accidents. They are trial runs by those people who plan to do harm to the U.S. Gov't.

Who am I to say what the U.S. Gov't should do. I only live here. Any way - I just thought - I'd let you know what I felt they would be doing. (You can't believe everything you read in the papers).

In the January issue of True Magazine, DON A. SCHANCHE wrote an article entitled "Eldridge Cleaver Speaks From Exile." This article begins on Page 33, and Mr. SCHANCHE sets forth a summary of many interviews with CLEAVER in Algiers, Algeria. In this article, CLEAVER speaks about leaving the United States and the possibility of returning to the United States, but there is no specific information as to how he left, how he intends to return, or the date he intends to return.

The San Francisco Office, after perusing this article, might consider the feasibility of requesting the Bureau's permission to interview [redacted] for any further specific information [redacted] might be able to render regarding these interviews with CLEAVER.

Dear Mr. Hoover:

In a syndicated column which recently appeared in newspapers across the country, Andrew Tully concluded an article about the possible return of Eldridge Cleaver by saying: "Bleeding-heart Methodists and Seventh-day Adventists perhaps should take apprehensive note before helping to finance the return of still another racist to the U.S."

When we asked Mr. Tully for facts to substantiate his allegation he admitted he pulled the church names out of thin air, only to add punch to his story.

The implication grossly misrepresents the Seventh-day Adventist Church. We do not consider it our business to engage in any kind of politics or revolutionary activities in regard to the government of any country.

In order to place our position on record we are sending you this information together with a copy of a letter which our attorney has sent to Mr. Tully, the McNaught Syndicate, Inc., which markets his column, and to one of the newspapers in which the article appeared.

We hope Mr. Tully will correct the wrong impression which he gave so that Seventh-day Adventists will continue to be known around the world as people who are loyal to their government, and who are dedicated to serving mankind.

Sincerely yours,

Public Relations

~~Mr. Andrew Tully~~  
2104 - 48th Street, N.W.

Dear Mr. Tully:

I am writing to you as the general legal counsel of the General Conference of Seventh-day Adventists at their request relative to a newspaper article published under your name.

One of the times and places this article appeared was January 10, 1970, in the Beckley Post-Herald headlines "Cleaver May Return To Lead Revolt Here" in which you said,

"Bleeding-heart Methodists and Seventh Day Adventists perhaps should take apprehensive note before helping to finance the return of still another racist to the U.S."

The context in which this quotation was used is deemed libelous by the General Conference of Seventh-day Adventists. The reaction of church members supports this conclusion as evidenced by phone calls and letters received from those who had read the article and interpreted it as an affront to their loyalty to the United States and the noncombatant position of the church.

Demand hereby is made that a retraction be published in each newspaper in which the article has appeared making an unequivocal statement to the effect that the Seventh-day Adventist denomination does not help financially or give other assistance to revolutionists for "struggle...inside the United States...to change America by armed revolution" or "to take up arms and actively oppose", or for war that "is going to become more and more openly violent" or for any other reason.

DETAILS: This investigation was predicated on information furnished May 9, 1968, by Staff Sergeant [redacted] Investigator, Criminal Investigation Department, Provost Marshal's Office, Camp Pendleton, California, who advised a 7.62-caliber, M14 rifle, Serial No. 593088, was reported missing on October 4, 1967, and it was at that time believed to be somewhere in the 27th Marine Regiment area. [redacted] stated on May 6, 1968, a message was received from the California Bureau of Identification and Investigation showing an M14 rifle, Serial No. 593088, was being held by the Oakland Police Department.

By communication dated May 24, 1968, the San Francisco Office advised the following information was received from Sergeant [redacted] Homicide Detail, and Sergeant [redacted] Intelligence Division, Oakland, California Police Department, by SA [redacted] on May 14, 1968:

SD 52-4949

Two Oakland patrolmen were ambushed and wounded by members of the Black Panther Party on April 6, 1968. In the ensuing "shoot-out" between police and Panther members, one of the Panthers, BOBBY JAMES HUTTON, was killed, and eight others were arrested and charged with assault to commit murder. An arsenal of weapons was confiscated by police and is being held by them as evidence in this case.

The markings on the recovered rifle are as follows:

Below the gun sight: "U. S. Rifle 7.62 millimeter M14 593088" (The triangular emblem shown in the tracing (an enclosure to the letter) contains the letters "TRW");

On the barrel: "TRW 7790190";

On the under part of the stock: The letter "P" in a circle.

The weapon contains a web sling, marine green in color; the cartridge clip contains the legend: "BRW S-1."

All the persons arrested are in local custody with the exception of [REDACTED] who is at liberty on bond. CLEAVER is described as male, Negro, born August 21, 1935, Little Rock, Arkansas. He is presently incarcerated at Vacaville as a parole violator.

Oakland police advised that CLEAVER was observed to throw the M14 rifle from the basement window of 1218 - 28th Street just before he and the other Panthers surrendered to police.

Inasmuch as all these men are presently in custody, represented by attorneys, awaiting trial for assault with intent to commit murder, the San Francisco Office does not contemplate interviews of these parties at this time.
